

# Vegetable spiral cutting machine S021

for carrots, potatoes, pumpkins, radishes, celeriac, beetroots, zucchinis, etc.

The vegetable spiral cutting machine S021 is perfectly suited for cutting decorative spirals of vegetables very quickly and simply. By means of variable tools a multitude of spiral thicknesses (e.g. 2 x 2 mm, 2 x 8 mm, 2 x 10 mm - other versions on request) can be produced with a maximum product length of 250 mm.

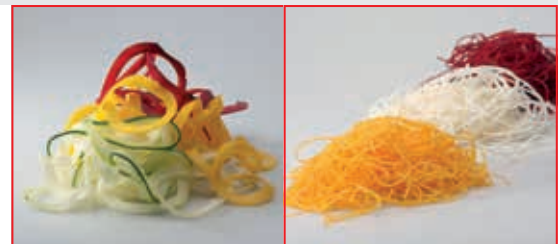

The result are very attractive, fine, springy strands similar to spaghetti enabling vegetable processing companies to add new value to conventional product presentations.

The machine is driven electrically and pneumatically and is very easy to operate and handle:

1. Place the product on the machine
2. Press the on switch
3. The product is cut into regular and fluffy spirals or spaghetti

#### Features of spiral cutting machine S021:

- safety cover
- support with guide rods
- pneumatical cylinder (infeed)
- geared motor with support for the product
- stainless steel motor cover
- support for the knife bloc and the blade
- stainless steel control box
- adjustable speed
- connection cable (5m 230V)
- connection for external compressed air

#### Technical specifications:

Capacity (finished product):	up to 20 kg/h
Voltage:	230 V, 50 Hz
Air pressure:	6 bar
Width x length x height:	1050 x 270 x 500 mm

## Product range

- **Belt cutting machines**  
GS 10-2, GS 20
- **Slice and wedge cutters**  
Tona S, Tona E, Tona S 180K
- **Special cutting and punching machines**  
Tona Rapid, Tona Rapid 3D, Tona Rapid XL, Multicorer, TT 450
- **Cube and strip cutting machine** KUJ V
- **Vegetable spiral cutting machine**  
SPIRELLO 150, S021
- **Multi purpose cutting machine** KSM 100
- **Cabbage cutting machine** CAP 68
- **Cabbage coring machine** KSB
- **Dicing, wedging & shaping machine** PGW, HGW
- **Vegetable and salad washing equipment**
- **Peeling machines**  
for citrus fruit, melons, apples, pineapples, potatoes, carrots, turnips, beetroot, etc.
- **Spin dryers and de-watering systems**
- **Packaging machines**
- **Special machines**
- **Complete production lines**

We develop and manufacture stand alone and special machines as well as complete processing lines for the food processing industry.

KRONEN - smart solutions and convincing technology for the food processing industry!

**We look forward to your request!**
